

THE FRANKFORT ROUNDABOUT.

GEO. A. LEWIS, Publisher.

A WEEKLY PAPER—DEVOTED TO LOCAL AND SOCIETY NEWS.

TERMS: \$1.00 In Advance.

VOL. XXII.

FRANKFORT, KY., SATURDAY, APRIL 8, 1899.

NO. 32

(For the Roundabout.)
Who is Bobby Franklin, Pa?

A POEM DEDICATED TO THE NEW
ALEXANDER THE GREAT.

Now, who is Bobbie Franklin, pa?
He must be great, b'gosh.
I heard you speak of him last night
To ma an' Uncle Jan.
Is he a son of Benjamin's,
A cousin or nephew?
I know he must be of some punk
To strike a man like yo i.
No, no, my son, he's greater far
Than Benny ever was.
'Tis not so much for what he is,
As for the things he does.
You orter heard him sing that song
"Dar's trouble in de lan'."
It's this, they say, that 'lected him,
An' beat the other man.
Besides, he is a 'sansionist—
I'll tell you why, b'gum—
He's raked into his pocketbook
A lordly little sum;
A loud philanthropopolist,
He preaches 'open door'—
That is, that Trust an' Capital
Must divvy with the poor.
'They made their money off'n us,'
He says—oh, it is great!—
'An' now they've got to ante up,
Or leave this bloomin' State!'
There's something called an "oc-
topus,"
He's goin' to put in jail;
Insurance is its other name—
He's got it by the tail.
I've give eight dollars every year
To feed this fell Combine,
An' only burnt out twice, my son,
Since eighteen-eighty nine.
It's robbery! We've paid too much!
But 'course we didn't know,
Till Bobbie confidentially
In public told us so?

Kodol Dyspepsia Cure "Digests what you eat."

An Outrage Upon a Long Suffering
People.

It has generally been supposed that
the city clock was intended to mark
the time and let the people know
how swiftly it was flying. But it
seems that our clock does not mark
any time in heaven above or the
earth beneath. It gives neither solar
time, standard time, nor any other
time, but just gallops along for a day
or two ahead and then behind all
time known. We think it about
time this comedy was closed and the
curtain rung down. Or else the peo-
ple, in their wrath, will rise up and
smite the gay old liar, and cause him
to retire from business permanently.
Give us a rest on such a nuisance.

Robbed the Grave.

A startling incident, of which Mr.
John Oliver, of Philadelphia, was
the subject, is narrated by himself as
follows: "I was in a most dreadful
condition. My skin was almost yel-
low, eyes sunken, tongue coated,
pain continually in back and sides,
no appetite—gradually growing
worse day by day. Three physi-
cians had given me up. Fortunately
a friend advised trying 'Electric
Bitters,' and to my great joy and
surprise, the first bottle made a de-
cided improvement. I continued
their use for three weeks, and am
now a well man. I know they saved
my life and robbed the grave of
another victim." No one should
fail to try them. Only 50 cents per
bottle at J. W. Gayle's drug store.

Court Day Sales.

Mr. H. G. Davis made the follow-
ing sales on Monday (county court
day): 35 head yearling steers at \$35
each; 1 Jersey milk cow, \$26.50.
He also sold last week 280 head stock
hogs to Montjoy, Morris & Spencer,
of Anderson county, terms private.

Appointed Postmaster.

The President has appointed Capt.
C. L. Barnes Postmaster at Eliza-
bethtown. Capt. Barnes has served
several times as an officer in the in-
ternal revenue service.

Hurry Up.

It has been officially decided, in
Washington City, that unless the
Cuban Assembly promptly turns
over the pay-rolls of the Cuban army
and accepts the \$3,000,000 which our
Government has tendered to help
pay the army, the money will be
withdrawn and the issuing of rations
to the army will also be stopped. So
if Mr. Cuban Assembly knows which
side his bread is buttered to the ex-
tent of \$3,000,000 it is about time he
was anteing up.

The Poster Show.

There was a large crowd out to
witness the "Poster Show," on Mon-
day night, given in the interest of
the Y. M. C. A.

The entertainment was well con-
ceived and well staged, but the in-
tervals between the tableaux, the
music, &c., were very tedious and
wearied the audience unnecessarily.

For the purpose in view it was a
decided success, and those engaged
in its preparation are to be congrat-
ulated.

We would suggest that, hereafter,
those in charge should arrange things
so that the presentations should be
rapidly made, in that the interest
should not be allowed to flag.

Barring the facts above stated,
every one was pleased with the de-
sign and execution of the tableaux.

Didn't Know It Was Loaded.

Mr. Schuyler Mayhall, Jr., was ex-
amining a 32-caliber pistol, in the
drug store of Messrs. Tyler & Hem-
phill, on Wednesday night, about 9
o'clock, when the weapon was dis-
charged, the ball lodging in the right
shoulder of Mr. Edmund S. Richard-
son, son of Mr. N. F. Richardson,
who was standing near listening to
some young men playing on mandol-
ins.

Mr. Mayhall did not know the
weapon was loaded.

We are glad to say that Mr. Rich-
ardson's wound is not serious.

"Give me a liver regulator and I
can regulate the world," said a ge-
nius. The druggist handed him a bot-
tle of DeWitt's Little Early Risers,
the famous little pills. Tyler &
Hemphill and W. McKee Hardie.

A Musical Event.

A rare treat is in store for the
the Frankfort public. On Thursday
night, April 20th, at the Capital
Hotel ball-room, two well known
lady artists, one a pianist and the
other a vocalist, will present a musi-
cal program that will delight all
who hear it. These artists are from
Louisville, and rank with the best.
No one can afford to miss hearing
them. Keep the event in mind and
also the date, April 20th.

Circuit Court.

Judge Cantrill opened the April
term of Circuit Court on Monday
afternoon. The grand jury was eu-
pannelled and sworn, after which
court adjourned until Tuesday.

The following gentlemen compose
the grand jury:

Willard Combs, Sam Lewis, R.
L. Thomason, W. H. Lewis, Ro-
man Gaines, Robert Lewis, John
Spencer, Albert Rogers, W. B.
Bridgeford, William Rogers, Joseph
Duvall and A. Y. Hubble.

Col. Jas. A. Scott Speaks.

Col. James Andrew Scott, candi-
date for the Democratic nomination
for Attorney General, spoke at the
Courthouse, on Monday, to a full
house. He made about the same
speech that he has made elsewhere,
in which he ponored hot shot into the
corporations. Col. Scott is popular
with his party here, as he has fear-
lessly advocated its cause whenever
called upon. He seems to be cutting
out the running for the other fellows.

Capt. Nat B. Crouch Dead.

Capt. Nat B. Crouch, formerly of
Lebanon, but more recently of Louis-
ville, died in Omaha, Neb., on Mon-
day. Capt. Crouch was a brother-in-
law of the late John M. Todd, Esq.,
and was well known to the older in-
habitants of this city, where he fre-
quently visited his sister, Mrs. Hal-
lie E. Todd. The remains were
brought to Lexington, his former
home, for burial.

Capt. Crouch served in the Mexi-
can and Civil wars. He was a Con-
federate Captain.

Millville.

Mrs. R. S. Byrnes returned Monday
from a visit to friends in Lexington.
Mrs. Mary Brightwell is very sick
with heart disease.

Miss Fannie Hearn, of Jetts, spent
Saturday and Sunday with Miss
Eiblyn Johnson.

Mr. Will Morgan and wife, of
Frankfort, were guests of Mr. John
R. Shaw on Sunday.

Died—April 1, Mr. Ely Osborn,
aged 78. He was a good citizen and
will be sadly missed. The commu-
nity sympathizes with his family.

Miss Anna Johnson, who is teach-
ing school at Yarnall's, Fayette county,
spent several days at home this
week.

Mr. Wilkes Stewart and family
have gone to Fayette county to live.
We are sorry to part with them.

Mrs. W. T. Shy, who has been ill
so long, has been taken to the King's
Daughters Hospital, at Frankfort.
We hope that she may be benefited
by the change.

Rev. Mr. Briggs, of the Southern
Baptist Theological Seminary, at
Louisville, preached at our Baptist
Church, on Sunday morning and
night. The congregation were much
pleased. It is thought that he may
be called to the pastorate for the next
year.

Died—At her home near Grassy
Springs Church, April 3, Mrs. Hen-
rietta Gaines, widow of the late Jas.
Henry Gaines, Esq., and mother of
Rev. Virgil Gaines, aged 82 years.
She was about the last of the older
inhabitants of this section. She was
a good woman, and a member of
Grassy Springs Church for long years.
Only one child—Rev. Virgil Gaines
—survives her. She had many
friends. SAMEJ.

Tlogs.

Third day of April and still wintry
yet.
Farmers are later in pitching their
crops this season than any time I
remember of.

Not many spring flowers yet.

Miss Jennie Sanford, of North
Pleasureville, visited in our vicinity
last week, and I think one young
man became very much interested in
her visit. Guess who?

The corresponding club of Goose
Creek has reorganized, and is now
corresponding for the ROUNDABOUT.
They attempted to establish a pub-
lishing company of their own, by the
way of a hand printing press, and
I see no reason why they failed,
because they had plenty of material
to run a daily paper. Certainly the
stock company failed in funds and
not for lack of intelligence and
energy on the part of the editors.
The name of this paper would
have been the Cigarette
Gazette. I am truly sorry that it
fell through.

I know well enough, if the fiscal
cord had driven over the mud road
between here and Lebanon Church,
they would, at all hazard, make an
appropriation to complete that Flat
Creek and Lebanon turnpike road.

Look here, Bro. Kenya Okajima,
a native of the Empire of Japan, but
now of Georgetown College, will, on
May 7th, at 7:30 o'clock, deliver one
of his famous lectures at Lebanon
Church. Come and hear him.
GOOD FOR NOTHING.

Resigned.

Mr. Gus W. Richardson has re-
signed his position as Deputy in the
Clerk's office of the Court of Appeals.
Mr. Richardson did this in order to
give his time unreservedly to the
prosecution of his canvass for the
nomination for State Treasurer by the
Democratic State Convention.

HAVE YOU WEAK LUNGS?

Every Sufferer from Lung Weakness, Consumption, Asthma, Catarrh or Bronchitis Can Be Cured.

Complete FREE Course of Treatment consisting of Four Preparations - The Slocum System -

Nearly everybody you meet will regard it as a kind of insult to be asked if they have weak lungs. All seem to have a solid faith in the soundness of their own breathing machine. In cases of trouble they will admit there is a "heavy cold," "a touch of bronchitis," or even "a spell of asthma," but as to weak or unsound lungs, never, NEVER. Even the poor consumptive, who scarcely speaks without coughing, whose cheeks are wasted, hollow and bear the hectic flush of doom, will assure you with glistening eyes that his cold is on the mend and he will be all right when the weather changes. It is simply terrible to think how far we may be guilty by our indifference to the lung troubles of those near and dear to us. It is a sad thought that we may hug a delusion as to our own health that we only get rid of when life itself must pay the forfeit. Nobody can afford to think lightly of lung troubles. Nobody can afford to be mistaken about their possible dangers. Nobody can afford to neglect them, or "let them wear out," or "get better in the spring," or any other tomfoolery that leads only to wreck and ruin. Lung troubles don't grow strong by weak lungs—you must heal them and strengthen them, and rid them of the very earliest germs of disease, or you are simply committing a form of suicide. Either you must cure your lung troubles or THEY WILL KILL YOU. That's the whole situation in a nutshell. Never was there a cure for lung troubles equal to the newly-discovered Dr. Slocum treatment. This forms a system of Four Remedies that are used simultaneously and supplement each other's curative action. It cures weak lungs, bronchitis, asthma, coughs, consumption and every other ailment of the pulmonary region. It destroys every germ that can affect the respiratory system, and even in advanced stages of lung trouble positively arrests the tubercular growth, while it also builds up the patient so that his system is enabled to throw off scrofula, rheumatism, catarrh, and other wasting diseases. Thousands of cured cases already prove these claims. Thousands of grateful people bless the discovery. The Doctor wants everybody to know the surprising merits of his system. He has arranged to give a free treatment (Four Preparations) to all sufferers. Full instructions for use accompany each treatment.

WRITE TO THE DOCTOR. Write at once to Dr. T. A. Slocum Laboratories, 95 and 98 Pine street, New York City, giving full express and postoffice address, and mention this paper. Delay only makes your trouble worse.

La Grippe is again epidemic. Every precaution should be taken to avoid it. Its specific cure is One Minute Cough Cure. A. J. Shepherd, Publisher Agricultural Journal and Advertiser, Eldon, Mo., says: "No one will be disappointed in using One Minute Cough Cure for La Grippe." Pleasant to take, quick to act. New Dentist.

Dr. H. M. Leonard, of New Brunswick, has opened a dental office over Weltzel & O'Donnell's dry goods store. Dr. Leonard comes highly recommended as a skilled dentist and Christian gentleman.

Dr. W. M. Foster, demonstrator of the Baltimore College of Dental Surgery, in writing to a Frankfort friend, speaks highly of Dr. Leonard's ability, and says he (Leonard) is one of the best dentists ever graduated by that college.

Dr. Leonard charges nothing for examinations of the mouth.

Little and Big, Great and Small.

All the politicians who are seeking nominations at the hands of the State Democratic Convention, both great and small, were on hand at the Railroad Convention in this city. They were the friends of everybody, and did not care a continental whether "school kept or not," just so they landed the office they were in search of.

And It Rained.

We had begun to hope, from the weather we had Sunday, Monday, Tuesday and Wednesday, that the rainy season had about passed and that those who had out-side work to do would have a chance at it. But, alas, alas, it rained!

You Can't Dodge Them

Did you ever try to dodge the rain-drops? Did not succeed very well, did you? It's just as useless to try to escape from the germs of consumption. You can't do it. They are about us on every hand and we are constantly taking them into our lungs.

Then why don't we all have this disease? Simply because these germs cannot gain a foothold in a strong throat and lungs. It's when these are weak that the germs master.

The body must be well supplied with fat. The danger comes when the blood is poor and the body is thin. If your cough does not yield, and your throat and lungs feel raw and sore, you should not delay another day. Take

Scott's Emulsion

of Cod-Liver Oil with Hypophosphites at once. It will heal the inflamed membranes and greatly strengthen them as well. The digestion becomes stronger, the appetite better and the weight increases. The whole body becomes well fortified and the germs of consumption cannot gain a foothold. It's this nourishing, sustaining and strengthening power of SCOTT'S EMULSION that has made it of such value in all wasting and exhausting diseases.

Gets Caught.

U. S. Deputy Marshal Con. McCarty arrested John Williams, colored, of Versailles, charged with demanding and receiving a letter containing \$5.00, which was not his.

Marshal McCarty arrested him on Thursday and took him to Lexington, where he was tried before U. S. Commissioner Sam E. Hill and held over to the U. S. Court in Louisville, which will meet on Monday. The bail was fixed at \$500, which Williams was not able to give. Marshal McCarty brought him here, on Thursday, and placed him in jail. He will be taken to Louisville Monday.

Williams is a slick citizen, but he will find that he was not fooling with State courts, &c., but with Uncle Sam, who has a long memory and a still longer arm.

Marshal McCarty deserves credit for landing his man.

Third Kentucky Again.

It is stated in the papers that two transports have gone to Cuba for the purpose of bringing the Third Kentucky Volunteers back home. According to the dispatch the vessels should have left Matanzas yesterday or should leave to-day.

The government has rented an island near Savannah, Ga., and will land the regiment there and thus avoid the quarantine.

Now this may be so or may be not, as the same dispatches said that the regiment was loaded on a transport last Friday ready to leave for home.

And again, the General in command has been given discretion to hold the volunteers or send them home, as he deems best.

So you can't always sometimes tell when our boys will be home.

Would Not Sell.

A statement has been given out from the whiskey trust that there is "no outside distillery in Kentucky" that was not offered to us, and the fact that we did not purchase plants not owned by this company sufficiently indicates that we did not want them.

Col. E. H. Taylor, Jr., gives out the following statement with regard to the distillery of Messrs. E. H. Taylor, Jr. & Sons:

"The statement is untrue as applicable to us. We were twice written (once in August, 1898, and once in January last) by our friend, Mr. C. H. Stoll, now representing the Kentucky Distilleries and Warehouse Company, inquiring whether our properties might be bought.

"In each instance we replied that they were not for sale."

Don't Forget.

That the ladies of Ascension Church Guild will give their usual post-lenten supper on Wednesday evening next, April 12, in the store room of Mayor Dehonney, on Main street, next door to Mrs. Kate Welch's. Every thing that is nice to eat will be served. A reasonable charge will be made. Every body invited to attend. Hours from 6 to 10 p. m.

Something to Do.

Many endeavors and other workers often remark that "If we had a law to this and that effect" we could

do something for Christian citizenship."

While we might have some new laws that would aid in reform, there are laws upon the Kentucky statute books at present the enforcement of which will keep all our workers busy for a time at least.

The trouble is not that we have no good laws, but that the laws we have are not enforced, and that we are not electing to office the class of men who will see that the laws we have are enforced. Take the Kentucky statute and look over the laws relating to the saloon, to gambling, to Sunday desecration, etc., you will be surprised at the many good laws on these subjects, and yet you never hear of them in our courts. Why? Simply because the citizens do not demand their enforcement. This they can do, first by putting men in office upon whom the public can depend; second by seeing themselves that evidence of wrong-doing is carried to the right place.

Whose business is it to bring to the proper judge or jury the evidence mentioned above? You cannot depend on the officers of the Circuit, County and Magisterial courts. They say they are officers simply to carry out the orders of the courts and not to bring guilty parties to justice. They say this because they shirk their duty, for many statutes point plainly to those court officers as the proper parties to see to their enforcement and to bring to justice those who transgress. Look up, for example, the statute on swearing. Of course they would secure the State for a negro trial (if a reward was offered) and pass by open saloons every Lord's day.

If we cannot depend upon the court officers, we must place the burden upon the citizen, so that it is your business to bring to justice any parties of whose guilt you are certain. I call your attention to a few laws that may be transgressed every week in your community. If so, it is your duty, as a citizen, to see that they are properly enforced.

Sec. 1363. Liquors shall not be sold on Sunday. Saloons shall not even be open for business. Penalty from \$10 to \$50.

This law has been satisfactorily tested by the writer in the County and Circuit Courts of Campbell county.

Sec. 1304. Liquors shall not be sold without a license. Penalty from \$20 to \$100.

This statute has been tested in many courts and places the responsibility upon the citizens in "dry" precincts, districts and counties in abolishing "blind tigers."

Sec. 1305. Liquors shall not be bought or sold within one mile of places of public worship during divine service, except when authorized by law. Penalty \$10.

Sec. 1306. Liquors shall not be sold or given to minors without written order by parents or guardian. Penalty \$50.

This statute is very generally violated.

Sec. 1307. Liquors shall not be sold or given to inebriates. Penalty \$50 and liable to family for damages when not has been given.

These are but a few of many laws violated every week. They can and should be enforced in every locality where there is a citizen who has backbone sufficient to fight the battle.

The next number of the Endeavor will contain mention of other statutes disregarded generally. Meanwhile I pray you take heed of these things.

FRANKFORT, APRIL 8, 1899.

Honors Their Memory.

President McKinley issued an order, on Monday, eulogizing the brave boys who sacrificed their lives, both in the army and navy, in the late war, and whose remains have been brought home for interment.

The following is the concluding paragraph of the executive order:

For those of the brave officers and men who are to be buried in the National Cemetery, I order that, upon the arrival of the cortege at the National Cemetery at Arlington, all proper military and naval honors be paid to the dead heroes that suitable ceremonies shall attend their interment; that the customary salute of mourning be fired at the cemetery; and that on the same day at 2 o'clock p. m., Thursday, April 6, the national ensign be displayed at half staff on all public buildings, forts, camps and public vessels of the United States; and that at 12 o'clock noon of said day, all the departments of the government at Washington shall be closed.

WM. MCKINLEY.

By the President:

JOHN HAY,

Secretary of State.

The bodies were interred in the National Cemetery, at Arlington, on Thursday last, with due solemnity and with the honors of war.

America never forgets her citizen soldiers, and this fact, as much as any thing else, makes heroes of every man, who wears the uniform. No wonder then, that Spain looked in astonishment at the unflinching courage with which our boys stormed their strongest works.

Now Will You Be Good?

It seems that some of the Spaniards are not satisfied with the drubbing they have received, and determined to aid the Philippines by running the blockade with supplies, &c. So they undertook the job with a steamer called Mundara, but the Yorktown (U. S. Gunboat) was there, and, after a stiff chase, captured the Spaniard, in the Gulf of Liugayen, and took her to Manila as a prize.

To Be a Member of Disarmament Congress.

The President has appointed U. S. Senator Lindsay as a member of the International Disarmament Congress to meet at the Hague.

Ambassadors Tower and Porter and Admiral Sampson will probably be the other members of the commission from this country.

This is a high compliment to the senior Senator from Kentucky.

Lessons in Dancing.

Mr. Arthur Smith and Miss Ida Smith, at Y. M. I. hall. Class opened Thursday, April 6, 7:30 p. m. Class for children Saturday afternoon 2:30, 3:21.

Presented to the President.

As is their custom, Messrs. B. C. Milam & Son presented to President McKinley, on Saturday, one of the best of their celebrated fishing reels. Senator Lindsay presented the reel at the request of Messrs. Milam. The President was much gratified at the receipt of the nice present. These reels are celebrated everywhere that fishermen enjoy their sport, and recently took a gold medal at an exposition in Norway.

These gentlemen have presented every President a reel, commencing with President Arthur.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So, if you know one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs, Price 50c and \$1. We are glad to know that Mr. Teri Mitchell is still alive. I thought there was a loudstone somewhere, as he hasn't been seen in our vicinity for some time.

Mr. Leslie Young, who has been very ill with fever, able to be out again. There'll be a happy meeting soon. Cheer up, Mattie.

Miss Myrt Sudduth is supposed to have the measles at this writing.

Messrs. William and Ernest Moore and Duard Bryant had a glorious fox chase last week.

Mr. Columbus Chism is wearing a broad smile. I guess his grand expectations are drawing near.

If you have a cough, throat irritation, weak lungs, pain in the chest, difficult breathing, croup or hoarseness, let us suggest One Minute Cough Cure. Always reliable and safe. Tyler & Hemphill and W. McKee Hardie.

Frankfort Boy Applies.

Senator Lindsay made application, on Saturday, to the President for the appointment of Mr. Eugene Hall, of this city, as Assistant Paymaster in the navy. Mr. Hall served in this capacity during the late war, as a volunteer. There are a number of appointments to be made, and the President has said that he would make the appointments from those having had experience. This makes Mr. Hall's chances good, and his friends here are hoping that he will be appointed.

The Cuban Assembly had a revelation on Tuesday, when told that, if they did not turn over the muster rolls of the Cuban army and agree to accept the \$3,000,000 as paid to the soldiers, the offer would be withdrawn and the money returned to the United States. DYSPEPSIA CURED! AMERICAN DYSPEPSIA TABLETS.

A Safe, Sure and Permanent Cure for Dyspepsia, Indigestion, Catarrh of the Stomach, Flatulency, Palpitation, Fermentation, Heart Burn and Constipation.

Read the following reasons for using American Dyspepsia Tablets.

All other remedies claiming to cure indigestion and dyspepsia contain PEPESIN in one of its forms, and as long as PEPESIN is supplied to a weak, or even healthy stomach in the shape of medicine, nature will cease to make it, and the DYSPEPSIA will not be able to do without his "DOSE," and of course never be cured of his trouble. A stomach that will promptly digest food must make its own PEPESIN and not rely upon medicine for this most important agent.

American Dyspepsia Tablets contain no PEPESIN nor other PEPETIC agents, but are composed of four old and well-known vegetable remedies which, in combination, will soon effect a cure by restoring the stomach to its normal condition.

We furnish no book on the "STOMACH AND ITS DISEASES," no ALMANAC, no prize for the LARGEST number of wrappers, but will send a trial box to any address free of cost.

AMERICAN DYSPEPSIA TABLETS are put up in 50c. packages, and are to be had at J. W. Gayle's and W. H. Averill's, or by addressing

Report of Dr. Ely's Lecture.

The fourth lecture in the course given by the physicians of Frankfort before the Economic Department of the Woman's Club, was delivered Tuesday, March 21st, by Dr. J. R. Ely.

As he spoke entirely without notes, it will be impossible to place quotation marks, entertaining as an exact repetition of many of his remarks would be. Therefore, with the proviso that anything scientific or instructive shall be credited to the Doctor, and all blunders to his reporter, we proceed with an abstract of his talk.

After announcing that his subject was the "supposed effects of colds," he stated that most diseases, traced by popular ignorance to the effects of cold, were really due to systematic conditions and pathological germs. All pneumonia but bronchial, which

is the least serious, has no more to do with cold than with jungle fever.

Consumption, which we learned, from a former lecture, caused more than half the deaths in the State, is due, not to cold or colds, but to the want of cold, or at least pure air.

In support of Dr. Ely's position on this point, we may remind our readers that the Norwegians and Icelanders are comparatively free from tubercular diseases, while in Senegambia they are practically unknown, though a year spent by the natives in the slave pens or on slave ships often develop cases of the most virulent consumption.

In 1853, after an epidemic of small-pox, Langenbeck wrote "I have cut up more human bodies than the old man of the mountains with all his accomplices, but though in the mystery of small-pox eluded my search, my labors have not been in vain, since they have revealed to me the origin of consumption. I am sure now, what I suspected long ago, pulmonary diseases are nearly exclusively caused by breathing foul air."

"There is a cure for consumption!" Dr. Lewis affirms. "Even in its advanced stages it may be arrested by roughing it. I mean by living out of doors altogether and in all weather."

Dr. Ely evidently, to some extent at least, agreed with Langenbeck and Dio Lewis, and succeeded in convincing most of his hearers that, to quote from Dr. Oswald: "It is distressingly probable that consumption, the most constant and fearful scourge of the human race, is not a 'mysterious dispensation of Providence' nor a 'product of our outrageous climate,' but a direct consequence of an outrageous violation of the physical laws of God."

Second only to vitiated air, as the cause of tuberculosis, which often attacks the brain and other organs and tissues, instead of the lungs, Dr. Ely placed impure germ, infected milk or canned foods. He urged all, but especially those responsible for the life and health of young children, to know something of the condition of the cows that supplied their milk, and to have their milk and canned food frequently and thoroughly tested.

Dr. Ely next spoke of what are popularly considered colds in the head, but which, in the majority of cases, have no reference to colds whatever; but which, as Dr. Oswald expresses it, are due to our ignoring "the fact that, familiar enough to the ancients but which seems to have been forgotten for some ten or twelve centuries, our noses were given us for some practical purpose."

Very practical indeed, most of the women thought, when Dr. Ely finished his anatomical analysis of that organ, with its close and intimate connection with throat, ear, eye and brain. These organs it was intended to supply with cleansing, life-giving oxygen, but too often, through fatal ignorance or criminal carelessness, it is but the starting point and center of far reaching inflammation or atrophy.

For a quick remedy and one that is perfectly safe for children let us recommend One Minute Cough Cure, Tyler & Hemphill and W. McKee Hardie.

Boston, New York, Philadelphia, Washington, Louisville Terrorized by the Awful Scourge. All the Great Centers of Population Affected.

The depressing effects of the present epidemic of Grip are apparent everywhere. Teachers, clerks, business men; mechanics, laborers, street car drivers, school children, police officers and even the doctors all furnish victims by the hundreds. No remedy yet discovered can show results equal to Dr. Miles' Restorative Nervine. It quickly overcomes the excessive exhaustion, invigorates the appetite and assists nature to throw off the deadly microbes from the system. In times of epidemic like the present it should be taken as a preventive of disease.

"Grip" had left me a physical wreck; weak, helpless and miserable. I could not eat; could not sleep; could not gain any strength, and had nervous prostration of the worst kind. When I had taken two bottles I felt better than I had before in years and continued to improve until I was entirely cured."

ELI WOODARD, Plymouth, Ill.
All druggists are authorized to sell Dr. Miles' Nervine on a guarantee that first bottle benefits or money refunded. Be sure you get Dr. Miles' Nervine. Booklet on heart and Nerves sent free. Address DR. MILES MEDICAL CO., Elkhart, Ind.

A Card to the Dry Goods Merchants of Frankfort.

A little over a year ago a petition to close the dry goods, clothing, shoe and gent's furnishing stores at 7 p. m. every evening except Saturday was circulated and signed by every merchant in the city except one (the Louisville Store). This petition now reposes in the safe of a Main street merchant, and should, now that party has left town, be fulfilled, and all merchants should now close at 7 p. m., as per the agreement which they signed.

Laboring men and women all over the country are clamoring for an "8 hour day," surely a "12 hour day" is long enough for the employees of Frankfort merchants to work. Merchants give the hard-working clerks the 2 hours they ask and close at 7 p. m. and you will never regret it.

A PATRON.

Republican Committee Meeting.

A meeting of the Republican Committee of Franklin county is hereby called to meet at the rooms of the Chairman, on Lewis street, on Monday, April 10th, 1894, at 2 o'clock p. m. for the consideration of such matters as may be brought before it.

SAMUEL R. SMITH, Chairman.

G. L. ROBERTS, Secretary.

Thanks.

We are under obligations to Mr. Harvey M. Berryman, of Phoenix, Arizona, for a copy of the spring book edition of the Arizona Republican. It is replete with information, giving a sketch of that thriving Territory. He will please accept our thanks.

Refused to Receive.

Capt. Noel Gaines, Provost Marshal of Havana, has refused to receive and receipt for 50,000 cans of beef and 300,000 cans of tomatoes intended for the Cubans, because the stuff was spoiled. He has destroyed 400 cans of tainted beef. Good enough for our Noel.

He will hold services in the Penitentiary at 9 a. m.; at the Southern Presbyterian Church at 11 a. m.; at the Y. M. C. A. at 3:30 p. m.; at the Methodist Church at 7:30 p. m. DEATHS.

CAMPBELL—In Lexington, on Tuesday, Miss Margaret Campbell, aged about 76 years.

Miss Campbell was the sister of Mrs. H. H. Williamson, and had been in bad health a long time.

The remains were brought here, on Wednesday, for interment in the family lot in our cemetery.

FORBES—In this city, on Tuesday, Mrs. Mary Forbes, aged about 40 years, of heart failure.

Mrs. Forbes was employed as a seamstress at the Institute for Feeble-minded children. She was an industrious, good woman, and was a member of the Christian Church.

She leaves one child, a little boy, aged about four years.

LYNCH—In this city, on Friday afternoon, Johnson, infant son of Mr. E. J. Lynch and wife.

In our last issue we stated that this little one had been accidentally poisoned with laudanum. The doctors did every thing they could think of to save the little fellow, but in vain.

The funeral services took place from the Church of the Good Shepherd on Sunday afternoon at 2 o'clock, and the remains were placed in our cemetery.

The heartbroken parents have the sympathy of the whole community.

LEWIS—At the home of her father on North Wilkinson street, on Saturday morning, Miss Lucy Lewis, daughter of Mr. Luke Lewis and wife, aged about 18 years, of consumption.

She was a devoted Christian and member of the Baptist Church.

The funeral took place at 2 o'clock p. m., on Sunday, services being conducted by Rev. M. B. Adams, her pastor, and the remains were placed in our cemetery.

The little god of love turns away from a sickly, sorrowful, nervous, head-ache, back-ache, lifeless woman. Every woman should have the beauty, vivacity and vigor of perfect health. The bright glow of health, bright eyes, clear skin, red lips are more attractive than any mere regularity of feature. A woman can't change the shape of her features but any woman may have the beauty of health. No healthy woman can be ugly. No sickly woman can be beautiful.

Regularity of the functions of the distinctive feminine organism is the first essential to womanly happiness, comfort and beauty. Miss Laura Brooks, of Clinch, Hancock Co., Tenn., writes: "I thank God for such remedies as Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' for myself and friends honestly believe that had it not been for these wonderful medicines I would today be in my grave. I am now a healthy woman and have lived many days in the condition I was in at the time I first consulted you. I was only trying to die and be free from pain. I was simply a shadow and we had tried almost everything when, through a friend, I was advised to try you, which I did, thinking all the while that it was only foolishness to think that such a case as mine could be cured. But I do not think so today. After the first week's treatment just as you prescribed, I felt like another woman and I hardly believed that such a cure could be when the first period was passed without pain. I continued the treatment until I had used about seven bottles of the 'Favorite' prescription and some of the 'Discovery,' and now I am as well woman. I would have given any amount, I'll have you for the rest it has already given me—rest from pain. I never know when the periods are coming on now as I am free from pain, and during the time I feel just as well as at any time, and am never confined to my room as I once was. I can eat anything I want and can work at any kind of work—something I could never do till this summer. Everybody who knows me thinks it wonderful that I am not sick any more. I thank God for this fine remedy, this blessed 'Favorite' Prescription. The very name sounds sweet to me. I am now a healthy woman, and I use it and all are improving. I can never tell you how I thank you, dear doctor, for your kind advice and good, faithful letters to me."

BIRTHS.

CHURCH—In this city, on Tuesday to Mr. Zach Church and wife, a son, James Jesse—weight 10 pounds.

Appointed.

The following gentlemen have been designated by our government to represent the United States in the disarmament congress to meet at The Hague in May:

Andrew White, Ambassador at Berlin; Sanford Newell, Minister to the Netherlands; Seth Low, President of Columbia University; Capt. William Crozier, of the Ordnance Department; Capt. A. T. Mahem, U. S. Navy (retired).

Railroad Commissioner Convention.

The Democratic Convention to nominate a candidate for Railroad Commissioner in this (the Second) District, met on Thursday at 10 o'clock p. m., in the Opera House in this city, and was called to order by Mr. Wilkes H. Morgan, chairman of the district committee.

A temporary organization was affected and a wrangle then ensued, which occupied the time until 11 o'clock that night, when the committees on credentials, organization and resolutions were appointed and the Convention adjourned until 9:30 yesterday morning.

The Convention met yesterday morning at 9:30 and the wrangle was still in process when we went to press with little prospect of a settlement.

Opossum Ridge.

Mr. Charley Glore took a flying trip with his best girl Sunday last, to Antioch. The snow storm was pretty hard and he had no buggy curtains.

Mr. Robt. Glore had a date with his best girl last Sunday and it rained. He said there was no such thing as love, and stayed at home.

Poor old Tuck says he knows the best thing out. We would like to know what it is, but we believe it is the most about his girl.

Mr. Jimmie Chisn has returned home from a short visit to the east part of Kentucky. He says that he had a nice time. He met with several of his old girls. He says that there wasn't any of them as sweet as the one that he lived in Frankfort.

Peddling stove wood has come to the test. Mr. Wilber Stivers' stove wood sells the best. I don't know which is the tallest, him or his horses. He says he is going to get married when he gets 30 years old.

Origin of Our Counties.

While Kentucky was admitted into the Union scarcely a hundred years ago, many Kentuckians to-day are not familiar with the origin of the names of their counties, and the subjoined statistics may not be without interest.

Adair county was carved out of Green in 1801. It was named for Gov. John Adair, who commanded the troops at New Orleans, and whose famous controversy with Gen. Jackson over the imputation cast by the latter on the conduct of the Kentucky troops in that battle, is still remembered by all older Kentuckians.

Allen county was formed from the counties of Warren and Barren in 1815, was named in honor of Col. Allen, of Shelby, who met a soldier's death in the fatal battle of the river Raisin.

Barren county was organized in 1798 from Warren and Green, and takes its name from its "barrens" or prairie lands.

Cinton county was cut off from Wayne and Cumberland counties in 1835, and was named for Gov. De Witt Clinton, of New York.

Cumberland county was cut off from Green in 1798, and was named for Cumberland river.

Edmon-on county was cut out of Warren, Hart and Grayson in 1825, and perpetuates the memory of Capt. John Edmonson, a famous Kentucky pioneer, who was slain in the battle of the river Raisin, January 12, 1813.

Green county was made from parts of Lincoln and Nelson counties in 1792, and received its name from Gen. Nathaniel Green, of Revolutionary war fame.

Hardin county was taken from Nelson county in 1702, and was named for Col. John Hardin, who was murdered by the Indians in 1703.

Henderson county was established in 1799, and was named in honor of Col. Richard P. Henderson, who was given a large tract of land within its borders.

Hart county was organized from

Hardin and Green in 1819, and was named in honor of Capt. Nathaniel G. Hart, who was captured by the Indians at the disastrous battle of the river Raisin, and afterwards assassinated while a prisoner.

Larue was cut out of Hardin in 1843, and was named for a distinguished early settler of that section—John Larue.

Lincoln county was one of the three original counties of the State, and was formed in 1780, and was named in honor of Gen. Lincoln, a distinguished soldier of the Revolutionary war.

Marion county was formed by cutting Washington county in two in 1843, and received its name from Gen. Francis Marion, of Revolutionary fame.

Metcalfe county was made from Barren, Green, Adair, Cumberland and Monroe, and was named in honor of Gov. Thos. Metcalfe, the tenth Governor of Kentucky. Gov. Metcalfe was a stonemason, and built the court house in Greensburg, Ky., in 1806.

Monroe county was carved from Barren and Cumberland in 1820, and was named in honor of James Monroe, who had just been re-elected President of the United States, receiving every vote in the electoral college but one.

Muhlenburg county was established in 1798, out of parts of Logan and Christian, and bears the name of Gen. Peter Muhlenburg, preacher and soldier of the Revolutionary war.

Nelson was the fourth formed in the State, in 1784, and was named in honor of Gov. Thomas Nelson, of Virginia—one of the signers of the Declaration of Independence.

Simpson county was formed in 1819 from Logan, Warren and Allen counties, and bears the name of Capt. John Simpson, of Shelby, who met his death at the battle of the river Raisin.

Todd county was established in 1819, and was named for John Todd, who lost his life at the battle of Blue Licks.

Warren county was created in 1796 out of Logan county, and was named in honor of Gen. Joseph Warren, the hero of Bunker Hill.

County Court Day.

Monday was county court day, and, notwithstanding the disagreeably cold weather, there was a large crowd in town. Contrary to expectation there was but little stock on the market and not all of that offered was sold.
